CONCRETE DAM ACROSS SHENAN-DOAH RIVER COMPLETED.

Special Correspondence of The Star. WINCHESTER, Va., June 2, 1906. The last work on the big concrete dam of the Winchester and Washington City Railway Company across the Shenandoah river near Millville. W. Va., was finished today, when a fifty-foot space in it was closed and the course of the river at that point di-

verted into a raceway. In connection with the effort to compe the Baltimore and Ohio Railway Company to operate its trains into the town of Stroudsburg. Shenandoah county, instead of stopping at Strasburg Junction, the state corporation commission Thursday held a hearing of the case at Woodstock, when testimony was submitted by attorneys for the railroad company and the town of Stras-

With a gash in his leg, Elmer Stimmel, a young carpenter of this county, almost bled young carpenter of this county, almost thed to death yesterday after having cut himself with a hatchet while building a platform for Children's day exercises at a country Sunday school. He was found in a precarious condition along the roadside by two men, who bound up the injury and drove him to the nearest doctor's office. His condition is said to be artisted.

said to be critical.

Standing on the platform of a freight elevator on the ground floor of a Winchester store last night J. D. Hartman, a farmer of Frederick county, was struck on the head by a roll of wrapping paper that fell from the third floor, and escaped with a small about sixty pounds.

Mutilating Mail Boxes.

Although there is much opposition in this ection to the ruling of the Post Office Department that rural free delivery mail boxes must be of a certain type and bought from none but "recognized" manufacturers or dealers, the federal authorities are determined to prevent, if possible, any viola-tion of the law regarding mutilation of such boxes, which has been going on in a way that looks like spite work. A young man named Walter D. Holler, about twenty-five years old, of near Edinburg, Shenandoah ounty, has been held to await action by the ederal grand jury on a charge of mutilating a free delivery mall box and is out on \$200 bail for appearance in court next Tuesday. A message today from Boyce, Clarke county, states that thieves broke into the gash on top of his head. The roll weighed store of J. T. Sprint at that place last nigh and carried off a large quantity of

Telephone messages received here last vening from the mountain districts of West Virginia are to the effect that disastrous fires have been raging for the past week, and it is conservatively estimated that at least \$100,000 has been lost by lumber camps, sawed lumber and standing timber being consumed in the vicinity of Parsons and Davis. Many men have been thrown out of work by the conflagration, which is now burning itself out since rain has been fall-ing at intervals for the past few days. While Aden Catlett was working at Paw Paw, W. Va., his new house in the westdestroyed by fire early this week and his wife and little children, who were alone at the time, narrowly escaped burning to

School for Railroad Employes.

In order to school the employes doing train duty and thoroughly familiarize them with their work the Baltimore and Ohio railroad has fitted up a car with everything pertaining to an engine and all other rolling stock, air brakes and every conceivable detail of train operation, in charge of which is William Shriver of Pittsburg. The car is being taken to all points along the entire system and trainmen occupy seats along the system and trainmen occupy seats along the wall and learn their lessons after the fashon of children at school. They are quesed and are permitted to ask questions of their teacher.

The Bertillon system of criminal identi-

fication has been adopted by the Virginia Because of many complaints the locomo-tive firemen of the Cumberland Valley railroad have been ordered by headquarters not to stir up their fires while passing through

or stopping at a city or town along that To be elected mayor on the democratic ticket in what is regarded as republican ter-ritory was the honor won this week by Pey-

ern High School. The lawn fete given under the auspices of the young ladies of the Western High School for the benefit of the children's playgrounds, last evening at the Western High School proved a grand success. The large lawn in front of the school building was illuminated with Japanese and Chinese lanterns, while several large lights

to give to all who partonize the beach the opportunity to secure a fair exchange in pleasure for the expense they incur. In were located on the front of the building. line of this policy is the provision for dinners and lunches at the hotel at regular The 13th Cavalary Band from Fort Myer city prices. The head chef of one of the leading hotels of Washington has been placed in charge of the hotel, and it is gave musical selections throughout the said that his ability has already been dem-onstrated to the satisfaction of those who In connection with the fete there was a floral march and drill on the lawn by fifty have been to the beach. The new attrac-tions on the boardwalk and especially the dancing pavilion, where Director Haley and his band of musicians hold forth, have demonstrated their popularity. There is no charge for the dancing, and this amusement will be continued throughout the year.

More than fifty attractions have been added along the two piles of head and a learn the two piles of head and the statement.

floral march and drill on the lawn by fifty young ladies of the Western High School, and an eastern temple drill by twenty-five young ladies of the Central High School, under the direction of Mrs. E. R. Walton and Miss A. A. Jones, physical culture teachers of the school.

Following the drills on the lawn several pupils of Miss Cora B. Shreve gave fancy dances in the assembly hall of the school building. The dances consisted of a "Game of Love," by Misses Helen Berens, Mamie Schuyler, Rena Ehlick, Madolin Bunthson, Elsie Carpenter, Ina Fagan and Gertrude Musser; a "Highland Fling," by Misses Esther Lohner, Leonor Callar, Margaret Ellwood and Alma Nelson; a "Dance of the Maids," by Misses Louise Myers, Hazel Borheim, Henrietta Berens, Ethel Schaefer, Mamie Schuyler and Rena Ehlick. Miss Marjorle Mock gave an exhibition of fancy toe dancing, receiving the hearty applause of the audience.

Those who presided at the booths were: added along the two miles of boardwalk, and many of them are said to be entirely new. The management has left no stone unturned to make the equipment of the beach attractive. The big four-masted schooner Calumet, with a cargo of nearly 2,000 tons of phosphate rock aboard from Punta Gorda, Fla., arrived at Alexandria Friday afternoon, and at high water this morning she was hearty applause of the audience.

Those who presided at the booths were:

VALLEY OF VIRGINIA SUPPLIES FOR CANAL HOT FIGHT PROBABLE TO SAVE THE FALLS

VIRGINIA DISTRICTS.

Special Correspondence of The Star. WHEELING, W. Va., June 2.- The congressional district which offers the republicans the least encouragement is to be the scene of their most intense activity for the nomination. This is the second district, which Col. Thomas B. Davis captured at ference reports on the railroad rate and a special election to fill the Judge Dayton vacancy just about a year ago. It is the of the result of the deliberations of the only one of the five districts where there are two democratic counties which have case of Senator Smoot. In the case of Senagood organizations and the democracy tor Smoot, Senator Burrows, who made the comes nearer to organization generally in statement as chairman of the committee, the second than the other districts com-

asked that a day be fixed for the consideration of the subject, but objection was made, The contest for the republican nomination because the official report was not ready will be bitter. Therein may originate causes for consideration, and on that account the for another democratic victory. The second district has always been debatable further consideration of the subject was postponed. There was no discussion of ground and was carried by Dayton each either the statehood or the rate question. election after the hardest kind of battling. The consideration of the joint resolution Now the republicans are far away from relating to the purchase of Panama canal the old-time harmony in that portion of supplies from American bidders, except the state. The wounds engendered by the Dawson-Teter scrap were the deepest there. when they are extortionate and unreasonable, consumed the major part of the ses-They were displayed last year when Lakin, sion, and it closed by the adoption of the the republican nominee, went down to defeat because of the governor's accredited interest in his nomination over the large field of rivals. Added to that complication were the dissatisfaction and apprehension due to the new tax laws, now much less in evidence, yet possible of being a factor. resolution by practically a party vote. The democrats sought in many forms, but in vain, to secure the adoption of an amend-ment that would commit Congress against the protective system. The only amend-ment adopted was one suggested by Senator Pettus, providing that bids shall be from

But Two Candidates.

the lowest responsible bidders.

After passing a large number of private pension bills the Senate adjourned until The two prominent candidates are N. G. Keim of Elkins and George C. Sturgiss of Morgantown, representing formerly if they do not now the Dawson and Teter divisions. It is assured that the lines will be drawn between them on that issue, or, which is about the same, as between the Dayton and anti-Dayton elements, Keim drawing from the Dayton-Teter crowd and should be paid for domestic articles than is from the tax reformers and the forces which were always arrayed against Dayton in conventions. Sturgiss endeavored to defeat Dayton when he was last nominated at the Grafton convention, with State Senator Forman of Grant county, just about the time the tax reform agita-tion was raging and upon that unrelated issue. Sturgiss was pressed to come forhad read two letters citing such sales in the matter of steel rails. In one instance it appeared that the same mill had sold rails to a Texas-Mexico road at the rate of \$28 in ward himself at the Keyser convention last year, but swung his influence to Lakin, who defeated Keim and half a dozen others after a struggle that went to the limit of thirty-three ballots. price in foreign markets than to their regu-lar customers at home; but this fact has never affected the decision of the people of the United States as to what our eco-

As between Keim and Sturgiss on the point of ability there will not be controversy. Sturgiss is a strong man intellectually, and that he would be a credit to the state at Washington is conceded by those who oppose him. He announces in his platform that he is a Roosevelt republican and is standing for the square deal, It was a similar announcement when he stood for the nomination for the state senate a few years ago that turned the cor porations against him and blocked his ambition. He is president of the state board of trade and was once the republican nominee for governor.

It is unfortunate for the republicans

that bad blood is likely to be stirred up by the Hubbard-Keim contest, for it indicates advantages that the democracy will receive whether they fasten the nomination on Col. Davis again against his will or induce John J. Cornwell to make the race. Of all the republican conventions this year the second district's congressional gathering will be the most picturesque and most bitterly contested. Senator Elkins did not look kindly on Keim before, because Keim comes from his own county, and therefore Randolph county might be accused of a de-Randolph county might be accused of a de-sire to monopolize the offices. Sturgiss and Elkins have had intimate business and per-sonal relations, yet it is believed Senator Elkins will not help either this time, and it would not be surprising if he favors compromise candidate in the interest

Hubbard Probably a Winner.

quiring the same conditions in foreign and domestic purchases and by Senator Dolli-Unless all signs fail W. P. Hubbard will ver, providing that the legislation shall not affect the purchase of dredges for which be the epublican nominee to succeed Repbids have already been asked, were voted down in succession by votes of more than resentative Dovener in the first district. Hubbard is now accounted a cinch by the talent, and Capt. Dovener has come out with a public statement that he will retire if given one more term, which has been construed as a confession of weakness. Dovener's friends are striving to stem the Hubbard tide with this appeal, and admit that if Ohio county, the home of both can-At the instance of Senator Pettus the Senator Balley spoke on the general merits of the resolution. He said that he would didates, gives Hubbard a majority of the have been gratified if the majority party delegates Dovener will not make a contest in the other counties. This situation is also based on the assumption that Lewis in the Senate had been found willing to follow the President in his announced de-Marshall and Brooke counties, which pre-viously take action, will go for Hubbard, as now appears to be likely. Senator Scott's alleged activity in Dovetermination to purchase abroad, if reason-able prices could not be secured at home, he said that even if that policy had

ner's interest in Ohio county has called forth a diplomatic explanation from the senator in a letter to A. R. Campbell, deputy revenue collector at Wheeling. Th senator says, in the first place, that he is taking no hand, and that he is mindful of Hubbard's work for him when Col. Schmulbach of Wheeling had designs on his shoes four years ago, but that if Hubbard in-tends to use his election to the House of Representatives as a stepping stone to the Senate he must expect all the opposition the senator can summon. On this point

Contented With Lower House.

As a matter of fact, it is declared, Mr. Hubbard will rest content with his election to the lower house, the position he strove for several years ago unsuccessfully in a democratic year. Opposition to Senator Scott at the proper time will come from the southern section of West Virginia, and the man will be Gov. Dawson, if he can turn the trick. Hubbard is regarded as being without a peer in his party for the highest gift at stake, but lacks some essenand natural beauties of the old beach would tials for building up a machine that years would require, while Scott's hold upon the workers throughout the state is copper-riveted, and nothing but geography will stand in his way next time.

That it costs more to be a candidate for office with succeeding campaigns is filus-trated by the assessments imposed by the Ohio county republican executive commit-tee. Candidates for Congress have been taxed \$500 each; candidates for the state senate, \$200 each. The other counties in their districts are levying proportionately Added to the personal expenses a state senatorial candidate must undergo, and the fact that his salary for his four-year term amounts to \$360 and mileage, running for the legislature is accounted to be a costly

MATTER AT A STANDSTILL.

Union of Two Local Churches May The union of the New York Avenue and

Assembly's Presbyterian Churches of this city, which has been generally considered as having been effected since the meeting of the presbytery of Washington a few weeks ago, when the steps that had been taken by the two congregations in this direction were ratified by a unanimous vote may prove to be a failure. It was learned yesterday that no move has yet been made by the official boards of the Assembly's Church toward actual co-operation with the Ney York Avenue Church. Rev. Dr. Wallace Radcliffe of the latter church said last night that the people of his congregation can do nothing more than they have al-ready done in the matter and are simply awaiting the final action by the Assembly'

Assembly's Church last evening that there was a hitch in the plans of those who de sire to push the matter to an immediate conclusion. The opposition has doubtless developed through the efforts of the memdeveloped through the efforts of the mem-bers who entered a formal protest against the proposition at the last meeting of the presbytery, but whose stand, it is stated, was not taken into consideration by that body because of the small number of the protestants.

ADOPTION OF JOINT RESOLUTION CONTEST FOR HONORS IN WEST CHAIRMAN BURTON SUBMITS RE-

PORT ON HIS BILL. Future Permits for the Use of Waters of the Niagara River Revocable

After Three Years. Chairman Burton of the House rivers and harbors committee yesterday submitted his report upon the bill to protect Niagara Falls. After detailing what has been done in the way of taking water from the river

and the negotiations regarding the preservation of the falls, the report says:

"The committee regards the jurisdiction of the United States over Niagara river as unquestionable, because it is a navigable stream in the greater part of its length, and although the waters in some portions and although the waters in some portions are not navigable by reason of falls and rapids, the control of such portions is esrapids, the control of such portions is es-sential to its adequate maintenance for purposes of navigation. Jurisdiction is more especially manifest because it is a boundary stream. It is the duty and re-sponsibility of any country to provide for the defense of its borders. By the Consti-tution of the United States Congress may provide for the common defense. Under provide for the common defense. Under these circumstances it is the undoubted right, as well as the duty of the law-makright, as well as the duty of the law-making power, to exercise control over this stream, which forms the boundary line between the United States and Canada. Should Congress decide that in those portions where rapids exist or where navigation exists the water should flow in its present condition, without depletion or diversion, it would seem that no judicial or other authority could review its action in the premises.

"It is a matter of some surprise that the companies which have proceeded to divert the waters of the river under the authority of the state of New York have never ap-pealed to Congress or to the federal gov-ernment to confirm the authority granted by that state. It is thought best by the committee that this authority should now be exerted not merely forthe be exerted, not merely for the preservation of the scenic grandeur of Niagara Falls, but for the maintenance of navigation and the proper control of the river as a boundary stream; nevertheless, it must be recognized that the companies which have ob York, in view of the very large expenditures which they have made, have certain equities which must be respected.

'In the bill presented a very large ref War. This course has been maturely considered and has seemed desirable, because the question of impairment of the scenic beauty of the cataract and of the interference with navigability or the integ-rity of Niagara river as a boundary stream is largely one of hydraulic engineering.

The bill authorizes: "The issuance of permits to individuals, ompanies or corporations already using water to the extent to which water is no

"The issuance of further permits, both for the diversion of water on the side of the United States and for the transmission of electricity created by water power from the Canadian side; this, however, in all cases, with the limitation that such permits shall not impair the scenic grandeur of Niagara Falls, the navigability of Niagara or its integrity as a boundary stream.
"The President of the United States is

requested to open negotiations with the government of Great Britain for the purpose of effectually providing by suitable treaty, such regulations and control of the waters of Niagara river and its tributaries as will preserve the scenic grandeur

"All permits to be granted under the bill are revocable with three years by the Secretary of War, and shall in any event terminate at the expiration of three years."

Stormy Trip Up the Coast.

Capt. Cepheus Bennett, master of the fourasted schooner Salisbury, which arrived at Baltimore a day or two ago with a cargo of pine lumber from Jacksonville, Fla., reports having experienced unusually heavy weather on his trip up the coast, but the vessel passed through it and reached port unharmed. For three days, in consequence of the violent storms, Capt. Bennett was unable to leave the deck of his vessel, and when he did have an opportunity to seek his berth the rolling and pitching was so severe that it was almost impossible to sleep. The seas were big and sweeping and kept the vessel rolling constantly.

Walter Leisey, a nine-year-old boy of Ephrata, Pa., was smothered to death by the wheat in an elevator at that place Thursday evening while his father and others were pulling at his arms to save him. A companion dared him to jump into
